

## Style

## MuffleBounce

**MuffleBounce** are resistance machine impact washers that are manufactured from two different density materials laminated together. They are specifically designed to reduce impact noise from the weight stack of resistance machines. MuffleBounce can also prolong the life of gym equipment through reducing impact and can aid in the reduction of reverberated noise levels.

### Advantages:

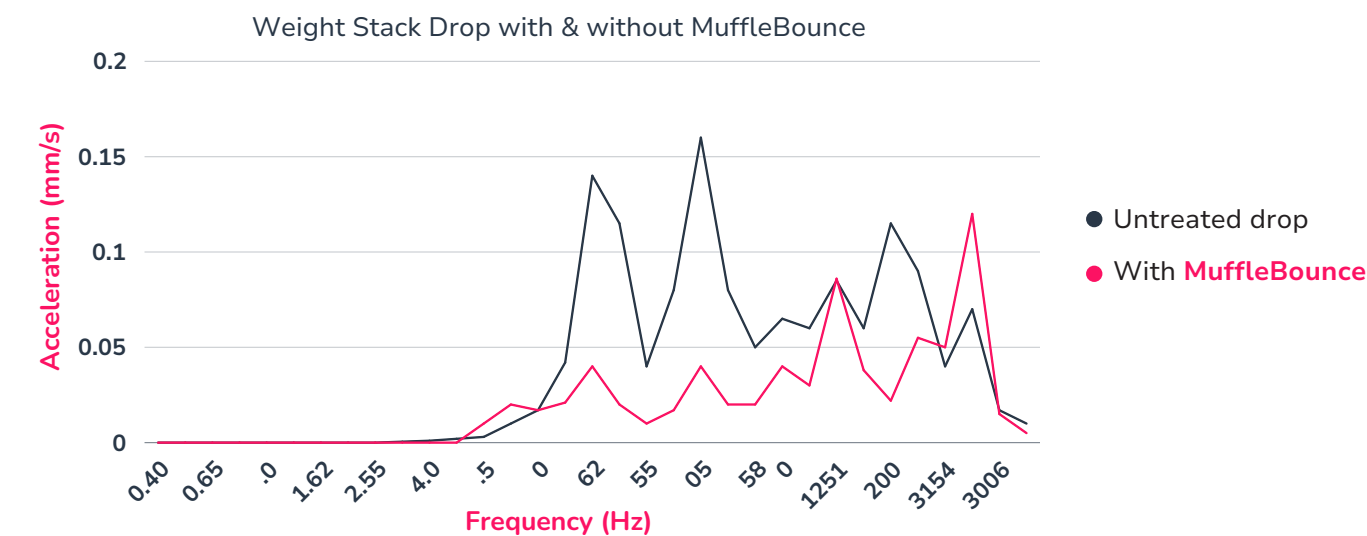

- Dual laminated system designed to reduce noise and improve damping
- Easy to fit
- Hard wearing

# Product Specifications

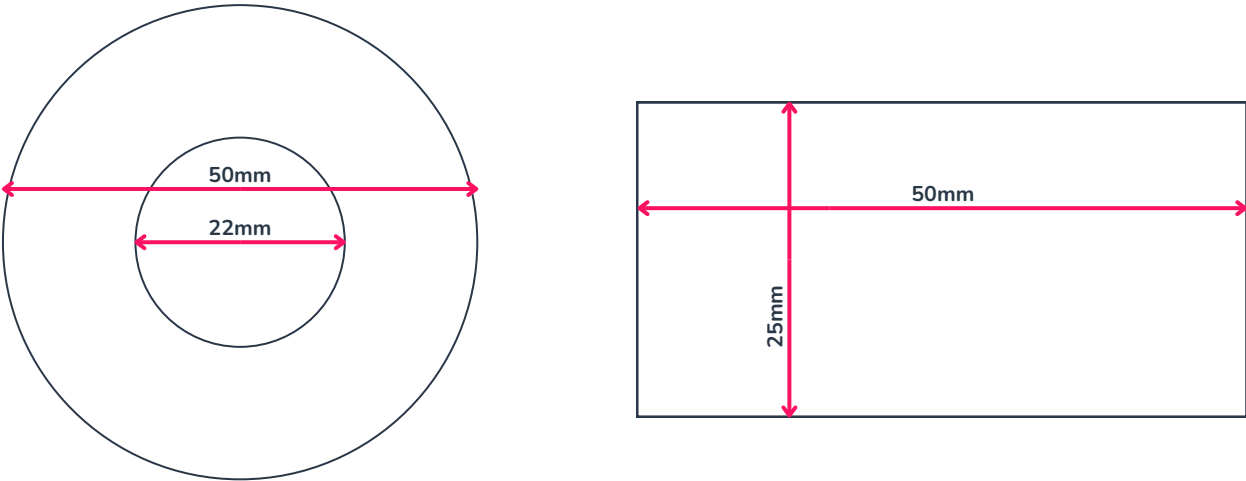

## Environmental

No production waste is land filled – all off-cuts and remnants are re-processed  
Manufactured from recycled components - 100% recyclable

## Performance

## Product Dimensions

(Sold in packs of 2)

# Product Care

## Delivery, Storage & Handling

MuffleBounce should be stored away from excessive moisture.

## After Care

Remove any surplus material, rubbish, or debris from the machine after installation ensuring the washer is in clean condition. MuffleBounce requires little maintenance – simply dust as required.
