MuffleScreen

MuffleScreen acoustic screens introduce a simple yet effective way of settling down loud and busy environments. Designed primarily for offices and reception areas, MuffleScreen helps to absorb ambient background noise. By reducing reverberation levels, this helps to reduce the number of distractions caused by external and internal factors.

Advantages:

- Includes set of stabilising feet & 2 way link strip
- Finished with durable plastic edging
- Manufactured with an 18mm solid core
- 12mm acoustic foam on both sides
- Screen pressed under immense pressure to make it robust
- 5 Year Manufacture Guarantee

Product Specifications

Installation

Step 1

Carefully remove the screens from their packaging.

Step 2

Lay the screen down on a table to attach the feet. Push the foot into the square holes provided. You can then stand the screen up on the feet.

Step 3

When the feet are fitted, move into position and insert the linking strips if required.

Step 4

To insert the linking strip place the two screens together and slot the linking strip into the ending channel.

Product Care

🚚 Delivery, Storage & Handling

Protect your MuffleScreen panels from excessive moisture when storing and handling.

🧹 After Care

Using a dry cloth, give the panels a light dusting to keep them looking clean and fresh.
